

5th International Conference on Nanostructures (ICNS5)

6-9 March 2014, Kish Island, Iran

ANNOUNCEMENT

The conference is devoted to the state-of-the-art of nano-structures and nano-sciences, great progress in experimental techniques, theoretical studies, and the emerging applications of new nano-materials.

Topics:

- Nanostructured Materials for Energy and Environment
- Nanobiotechnology and Medical Applications
- Nanostructures for Electronics, Photonics and Plasmonics
- Mechanical Properties of Nanomaterials
- Nanomaterials for Catalysis and Photocatalysis
- Nanomagnetic Structures and Spintronics
- Carbon-based Nanostructures
- New Two-dimensional Structures
- Advanced Fabrication and Characterization Methods
- Nanosensors and Nanobiosensors

Deadlines:

Submission	30 th Sep 2013
Late poster Submission	15 th Oct 2013
Registration	30 th Dec 2013
Late Registration	15 th Jan 2014

Secretariat Address:

Institute for Nanoscience & Nanotechnology (INST),
 Sharif University of Technology, Tehran 14588-89694 IRAN
 Fax: +98 21 6616 4119
 Tel: +98 21 6616 4118
 icns5@nano.sharif.ir <http://nano.sharif.ir/icns5>

Invited Speakers

- Tapio Ala-Nissila
- Reza Asgari
- Daniel Bonn
- Li-Chyong Chen
- Paulo Cesar de Marios
- Sir Andre Geim
- Ramin Golestanian
- Michael Graetzel
- Francisco Guinea
- Soon H. Hong
- Azam Irajizad
- Mikko Karttunen
- Morteza Mahmoudi
- Alireza Moshfegh
- Klaus Muellen
- Seeram Ramakrishna
- Noushin Shahidzadeh
- Paul van der Schoot
- Sebastiaan van Dijken
- Fathollah Varnik
- Giovanni Vignale
- Maria A. H. Vozmediano
- Sir Mark Welland
- Jackie Yi-Ru Ying
- Shaik M. Zakeeruddin

Supported by:

Organized by

Sharif University of Technology
 Institute for Nanoscience &
 Nanotechnology
